

E-WASTE DONATION

Do you have old laptops, desktops, tablets, printers, or other electronic devices gathering dust? Donate them through Rhiza's e-Waste Collection Programme and help reduce environmental waste while empowering communities with access to technology.

Your donation supports:

- Responsible e-waste management
- Refurbishment and redistribution of usable devices
- Access to digital learning opportunities
- Livelihood and skills development initiatives
- A more sustainable circular economy

1. How the Donation Process Works

- **Check Your Device** and delete all content stored
- **Device Collection or Drop-Off:**

Rhiza Holdings, Rosebank

We are also able to collect within 50km radius of Central Johannesburg. Please contact us directly for alternative arrangements at 011 462 7431

- **Refurbishment** Devices are securely assessed, cleaned, and refurbished.
- **Community Impact** Refurbished devices are distributed to learners, youth, and community initiatives.

2. Device Requirements

We Accept:

- Laptops
- Desktop computers
- Tablets
- Smartphones
- Computer accessories (chargers, keyboards, mice)

Before Donation

- Back up your information
- Remove personal files
- Sign out of accounts
- Factory reset where possible

3. Impact Section

Give your old tech a second life

Every donated device helps:

- Improve access to digital learning
- Support youth skills development
- Enable job searching and entrepreneurship
- Reduce e-waste through responsible refurbishment

4. Final Call to Action

Ready to Make a Difference?

Turn an unused device into an opportunity for someone else.

DONATE YOUR DEVICE TODAY

"Closing the digital divide, one device at a time."
